APPLES!

This month, we are learning all about apples. There are all sorts of different varieties of apples! Apples are wonderful raw, but can also be baked into muffins, cut up into a salad or made into applesauce. It's best to eat apples when fresh, within a few days of purchase. Once you cut an apple, it will quickly turn brown. Putting some lemon juice on the apple will keep it from browning!

CLASS RECIPE - TRY IT AT HOME!
